

Tumble dryer

Dryer featuring exceptional savings and effortless use

Priority on people

Certified ergonomic design with a human-centered approach for an outstanding user experience

· Lint filter

The horizontal filter drawer is positioned for easy access and cleaning without the need to bend down.

Long-term savings

Innovative features to save money and time, and embrace a sustainable lifestyle.

Moisture Balance

Helps to stop the drying process at the right time to save on energy costs.

Pure control

Monitor your equipment and performance from anywhere, allowing to take action and to improve your business with OnE Laundry - the personal assistant for hygiene validation management, process management and revenue management

Outstanding productivity

Dry more laundry in less time: a game-changing improvement

Reversing drum

Minimizes wrinkles and dry time to get an effective and even drying performance.

Main options and accessories

- Insulated glass door keeps the door cool on the outside and heat on the inside, so the room temperature is not affected.
- · Lagoon Advanced Care
- Drum speed control keeps the door cool on the outside and heat on the inside, so the room temperature is not affected
- · Door, front and side panels are available in stainless steel.
- Connectable to booking-/payment system or coin meter.
- Adaptive Fan Control The Adaptive Fan Control adjusts the fan speed automatically to keep air flowing efficiently which will save energy and help to optimize the drying time. It can also be used to reduce the noise level when needed. (Only available on electric heated machines).
